

Speaker: Michelle Woodward, DVM, MS, DACV

Location: Sullivan's Steakhouse 5252 Corporate Blvd, Baton Rouge, LA 70808

Time and date: 6:30 pm sign in, 7:00-9:00 pm lecture on May 12, 2025

Title: "Selected Clinically Relevant Cases in Small Animal Dermatology"

Course Description: "The lecture will be a discussion of dermatology clinical cases relevant to private practitioners. Cases may include chronic otitis externa, bacterial and yeast dermatitis, and immune-mediated disease. This will include review of diagnostic options (including cytology), medication choices, and client/patient management."

Learning Objectives:

- Recognition of the importance of cytology in small animal practice

- Topical therapy in managing dermatologic cases

- Client communication as a factor in success in small animal dermatology
