

These seminars are designed to give house officers (interns and residents) and graduate students an opportunity to present their research or a specific medical topic (can be based on a research project, review of a disease, treatments etc) in depth.

The seminars aim to give an in-depth presentation to current topics pertinent to different fields of veterinary anesthesia.

8.00-8.05am an introduction of the presentations, weekly housekeeping

8.05-8.25am Dr. Zachary Robichaux: "Feline Chronic Gingivostomatitis: Diagnosis, Treatment and Management of Refractory Cases."
